- ▶ Packaging: Singlepack, masterpack of 4.
- ▶ Special: Several more options available on special order.

Art. no.: 500000

- ▶ Weight Capacity: 1~15 kg (2.2~33 lbs)
- ▶ Display size: 10"-24"
- ▶ Display compatibility: VESA 75/100mm.
- ▶ Display tilt/rotation: 100° up and down, 360° rotation.
- ▶ Material: High quality aluminum alloy
- ▶ Mounting: Clamp type, grommet available on special order.
- ▶ Pivot: See technical drawing.
- ▶ Extension: 100mm.
- ▶ Lift: 150-400mm.
- ▶ Packaging: Singlepack, masterpack of 4.
- ▶ Special: Several more options available on special order.

INZONE™ Monitorarms and screen mounting options

The goal of ergonomics is to manage the workload effectively and efficiently with the least impact on our body. The interaction between man and machine must be as smooth as possible. The monitorarms from Sun-Flex™ make this happen with practical and versatile options for any desk environment. They also create more space on the desk since they are easily moved away from the desk area.

Sun-Flex™ high quality range of monitorarms with superb design and functions can be easily attached to the desk or the wall. By utilizing one of our solutions you can increase desk space as well as generate easier access to the whole desk surface.

All of our monitorarms and screen mounting options are designed in order to minimize impact on the environment.

- Metallic parts can be separated easily into categories which increases their recycling value.
- Plastic parts can be easily removed and recycled or disposed.

Sun-Flex™ is a corporation with focus on developing, manufacturing and distribution of products for the modern office workplace. With over 20 years experience and understanding of the modern office workplace, Sun-Flex™ has gained a respected leadership position in the industry. Sun-Flex™ has a strong international presence and is well represented in Asia, Europe and North America through a refined network of distributors and dealers.
