## TRUELITE™

This well crafted and designed TRUELITE™ compact fluorescent desk lamp offers the utmost in modern desk lighting. Due to its engineered lamp shade in hollowed out aluminium the light gives no glare, reflections or shadows. The lamp is equipped with a full spectrum 27 watt compact fluorescent tube that brings true daylight to your desk. The quality of the light is supreme and brings total clarity to colour reading. The arms are jointed with aluminium alloy material which brings unprecedented stability and adjustability with great counterbalance. Simple and up to date designed base offers easily power cord arrangement. The elegant and smooth integrated design featuring advanced technology excellence and utmost simplicity.

The product is of aluminium material with surface treatment, creating a delicate touch of superior quality. Recyclable materials could be reused after recirculation processing. The long life span is consistency with the spirit of green design.
