

CARE AND MAINTENANCE GUIDE

SUN-FLEX® OFFICECHAIR

To maintain the office chair's performance and extend its lifespan, we recommend regular care in accordance with the following guidelines.

Cleaning and maintenance

Fabric upholstery

- Vacuum the upholstery regularly using a soft brush attachment.
- For stains, use lukewarm water and a mild, pH-neutral fabric cleaner.
- Always test cleaning agents on a hidden area first.
- Avoid soaking the fabric. Wipe gently with a soft cloth and allow to air dry completely.

Plastic and metal components

- Clean using a slightly damp cloth and dry with a clean microfiber towel.
- For stubborn dirt, use a non-abrasive, mild detergent.

Castors

- Regularly remove hair, dust and debris from the castors.
- Use scissors or tweezers to extract tangled fibers.
