

PRODUCT INFORMATION

SUN-FLEX® DESKFRAME I is a newly developed desk frame designed to provide more mobility in the workplace. With its high-quality height-adjustable desk frame, you can customize it to your liking. With its thoughtful design, you can adjust the frame to fit your new workspace or upgrade your current one.

SUN-FLEX® DESKFRAME I is made of solid materials, which provide stability and function. The motor is encapsulated in insulating material, making it perfect for a comfortable noise level even in open office landscapes.

SUN-FLEX® DESKFRAME I is easily adjusted via the accessible and intuitive control panel on the edge of the desk.

Hand control

With approximately 20% less material usage, energy-saving functions, recyclable materials, and packaging consisting of 70% recycled materials, SUN-FLEX® DESKFRAME I is an important contribution not only to the work environment but also to the environment as a whole. Additionally, the size of the packaging results in a halving of transportation.

Working ergonomically should be easy.
