

SUN-FLEX® SCREENLITE PANEL

SUN-FLEX

Active Workplaces

PRODUCT INFORMATION

SUN-FLEX®SCREENLITE™ PANEL is the latest model in the well-known SCREENLITE™ family of lighting solutions – now designed specifically for partition wall mounting. This new development builds on the appreciated design of the previous model and has been optimized to meet the needs of workplaces in open office environments with screen dividers.

The specially designed mounting bracket allows the fixture to be attached directly to the top edge of the partition wall, without affecting its function. Thanks to the adjustable clamp, SUN-FLEX®SCREENLITE™ PANEL fits most types of screen walls and can be easily moved or repositioned when needed.

Using modern LED technology, the fixture delivers powerful and even illumination across a large work area while maintaining low energy consumption. The intuitive touch controls provide easy adjustment of brightness and color temperature. The built-in ambient light sensor automatically adapts the light to surrounding brightness levels. The long, flexible arm and slim profile allow the light to be directed precisely where it is needed – perfect for both single and multiple monitor setups.

SUN-FLEX®SCREENLITE™ PANEL is a natural evolution of the SCREENLITE family: a technically advanced and space-efficient luminaire that combines functionality and design at the highest level!

SPECIFICATIONS

• Product:	SUN-FLEX®SCREENLITE™ PANEL	• Automatic ambient light adjustment:	Yes
• Power consumption:	12 W	• Touch controls:	Yes
• Technology:	LGP (Light Guide Panel)	• Anti-glare function:	Yes, surface-treated diffuser with anti-glare effect
• Light source:	LED		
• Color:	Matte white with chrome details Matte black with chrome details	• Clamp mount for partition wall:	Yes, for wall thickness up to 45 mm
• Light bar length:	800 mm	• Cable length:	1850 mm
• Brightness:	Max 1700 lux	• Glare-free:	Yes
• Dimmable:	Yes, 5 levels (10%, 25%, 50%, 70%, 100%) or stepless	• Flicker-free:	Yes
• Color temperature:	Yes, 4 levels from warm white to cool white (3000/4000/5000/6500K) or stepless	• Warranty:	2 years
• Color rendering:	RA > 80	• Packaging:	Individually packed, shipping carton of 10 units
• Light sensor:	Yes, optional function (on/off)	• Item no.:	104200: SUN-FLEX®SCREENLITE™ PANEL, white (GTIN13: 7350042903252) 104205: SUN-FLEX®SCREENLITE™ PANEL, black (GTIN13: 7350042903269)
